Attention Fundraising Supporters!

Welcome to the Early's 2027 Seed Catalogue – Fundraising Edition!

This modified version of Early's 2027 Seed Catalogue is intended specifically for local club and organization fundraisers.

You are welcome to browse the catalogue and select your items using the attached order form.

A few important reminders when placing your order:

Once your order form is complete, please submit both your order form and payment directly to the club or organization running the fundraiser — not to Early's.

Your club or organization will provide you with the order deadline and the estimated date, time, and location for order pickup.

All orders must be picked up at the designated fundraiser pickup location. Orders cannot be picked up directly from Early's.

Thank you for supporting your local clubs and organizations! Your participation helps make their fundraising efforts a success.

Seed is a live product which depends on many important related grower skills such as proper planting time, seed depth, type of soil, irrigation, proper use of fertilizers, weed controls, fungicides, insecticides, disease free soil, and reasonable weather conditions during the growing period. These factors are out of our control and are at the growers responsibility and risk. Our seed cannot be unconditionally guaranteed for these reasons.
